28 February 2011

Dear Professor Barrett

RE: FULL APPLICATION FOR NATIONAL COMMISSIONING AND DESIGNATION FROM APRIL 2011: WOLFRAM SYNDROME

Thank you for submitting a Full Application for national commissioning and designation.

The Advisory Group for National Specialised Services – which advises Department of Health Ministers on which services are best commissioned nationally and which centres should be designated to provide them – considered 16 Full Applications at its meetings in September and December. I am pleased to say that Ministers agreed the recommendation that the Wolfram syndrome service should be nationally commissioned from April 2011. Colleagues from my team will be in touch with you shortly to work through the detailed arrangements.

I would be grateful if you would pass on this information to any colleagues involved in the application.

Yours sincerely

Teresa Moss
Director of National Specialised Commissioning
